ACTIVITY 1

1. Read the text. Then, do the exercises.

My room

Jack, England

My bedroom is small but it's nice. It's got yellow walls and a big window. There are a lot of posters on the walls. My favourite is the big sports poster. My desk is under the window. There's a computer on the desk and my chair is next to the computer. There's a big black shelf but there aren't any books on the shelf. There are a lot of clothes on the bed. There's an electric guitar next to the bed. It isn't on the floor – it's on the wall. My room is fantastic! I love it!

Rocio, Mexico

My bedroom is very big. It's my room and my sister's room. There are two beds, two desks and two chairs. Above my bed there are lots of music posters. Above my sister's bed there's a noticeboard and a shelf. There's a clock on the shelf. There are a lot of cushions on the floor. My cushions are pink and white. My sister's cushions are green and blue. Our music player is on the table next to the cushions, and our football is under the table. There are some clothes on the bed, and our shoes are under our beds.
